e.chollet@gae.ch

Portrait: Studied environmental engineering at ETH Zurich, gaining a master's degree in 2009. Other part-time degree programmes: MAS Energy Engineer for Buildings at the Lucerne University of Applied Sciences and Arts in 2012, MAS Management Technology and Economics at ETH Zurich in 2019. Employed at Gartenmann Engineering since 2011. Experienced the successful growth of the company and the expansion of the consulting areas. Curious and positive. Enchanted by the unique beauty of the natural world. Looks for challenges and the right recipe for a satisfied, sustainable life. Inspired by new cultures. Sports enthusiast
