Portrait: Graduated with a degree in energy engineering from the National Graduate School of Energy, Water and the Environment (ENSE3) in Grenoble.
Worked as a volunteer school teacher in Peru. Became a project manager for building physics, energy and acoustics at gae in 2015. Travelled to New Zealand and New Caledonia on a work and holiday visa before she was 30 to experience "completely autonomous van life". Currently heads the branches in French-speaking Switzerland. Communication is her passion, whatever the language spoken. Draws her strength from nature, in both summer and winter.

Career:	Depuis 2021	Directrice des succursales de Suisse romande <i>Gartenmann Engineering SA, Lausanne et Genève</i>
	2015 - 2018	Cheffe de projet et ingénieure conseil, activités de conseil en énergie, physique du bâtiment et acoustique <i>Gartenmann Engineering SA, Lausanne</i>
	2013 - 2015	Ingénieure en physique du bâtiment et acoustique au département technique <i>Steiner SA, Genève, Tolochenaz et Zürich</i>
