Portrait: Grew up on a farm and trained as a carpenter. Several years of workshop and construction site experience.
Degree in environmental engineering obtained from Zurich University of Applied Sciences, mainly motivated by the desire to supply Switzerland with renewable energy. With Gartenmann Engineering since 2013, working in the fields of sustainability, building physics, energy and building acoustics. Family man and not averse to an after-work beer.

Werdegang: seit 2019 Senior Projektleiter
Gartenmann Engineering AG, Bern
seit 2013 Projektleiter Bauphysik, Energie, Akustik, Nachhaltigkeit
Gartenmann Engineering AG, Bern
2007 - 2013 Diverse Praktika während Ausbildung
bis 2005 Schreiner
