Portrait: Grew up on a farm and trained as a carpenter. Several years of workshop and

construction site experience.

Degree in environmental engineering obtained from Zurich University of Applied Sciences, mainly motivated by the desire to supply Switzerland with renewable energy. With Gartenmann Engineering since 2013, working in the fields of sustainability, building physics, energy and building acoustics. Family man and not averse to an after-work beer.

Career: seit 2019 Senior Projektleiter

Gartenmann Engineering AG, Bern

seit 2013 Projektleiter Bauphysik, Energie, Akustik, Nachhaltigkeit

Gartenmann Engineering AG, Bern

2007 - 2013 Diverse Praktika während Ausbildung

bis 2005 Schreiner
