s.beck@gae.ch

Portrait: Motivated by ever-growing challenges and opportunities to help shape the world of tomorrow. Studied climate engineering at Stuttgart University of Applied Sciences. Following a practical semester at Gartenmann Engineering, he has been working as a project manager for energy and building physics since 2017. When it comes to recharging batteries and redefining your own limits, the mountains are always on the agenda.

Career:	seit 2017	Projektleiter Energie, Bauphysik <i>Gartenmann Engineering AG, Basel</i>
	2016	Praxissemester <i>Gartenmann Engineering AG, Basel</i>
	2012 - 2013	Praktika im Rahmen des Studiums <i>Vollmer Massivhaus GmbH, Schreinerei Feurer GmbH</i>
